

It has been a privilege to service in the area of building and property. How we keep our building and the yard in front truly does let the neighbours around catch a little glimpse of how much we love Jesus. Many people stop and chat with me when I am outside working.

The building has not needed a lot of repairs this past year. And for that I am grateful. With Covid, we have tried to keep our expenses as low as possible. The flat roof was inspected, and a few minor repairs were made to keep it in good shape. The rooftop HVAC units have had a couple of repairs done to them.

Due to us not having a spring clean up day, I tried to get as much of that work done as possible. Walls have been washed, windows cleaned, and the parking lot has been swept as well as many other things.

This Fall, I am planning to get some more interior painting done. With CPK back to meeting downstairs, there are rooms that really need it. As well, we need to replace the foyer carpet. This had been put on hold when we were shut down last March.

I am looking forward to what God has in store for us in this next year. I really like Philippians 4:13 which says, I can do all things through Christ who gives me strength. This truly is my testimony.

Respectfully submitted,

Colleen De Viet
