THE BOOK OF

# 1 PETER

HOPE IN A HOSTILE WORLD

## SCRIPTURE

1 Peter 5:1-5

## SUNDAY REFRESHER

Authority is a universal need for any group to function effectively, whether in schools, sports teams, or churches. The Bible consistently emphasizes the importance of authority, from the laws given to Moses to the roles of prophets, priests, and kings. In the New Testament, appointing elders in the church was a priority to ensure proper oversight and leadership.

Authority and submission to authority are both necessary within the church. Peter instructs elders to shepherd the flock willingly and by example, avoiding compulsion or selfish gain. Others are urged to submit to their elders. However, both leaders and followers must practice humility to create a harmonious and cooperative community. This balance of humble authority and submission is essential for maintaining order and minimizing hostility within the church.
