

# Refuge for Women

The Refuge for Women, Texas Gulf Coast is one of the leading housing programs for victims of sex trafficking and sexual exploitation in southern Texas. Because of the sensitive nature of the work that they do, volunteering at the RFW may look different than for other ministry partners of Brazos Pointe Fellowship. However, there are several opportunities for people to contribute to the lives of the residents at the RFW.

To find out more about what you can do at the Refuge for Women, Texas Gulf Coast, please contact them through [this web form](#).
