Prayer Request of the Month

Pray for our local police department. Please pray that their jobs would cause them to ponder about how the law shows the reality of sin and the need for a savior. Pray for their safety and our impact upon them.

Dear Church Family,

Thank you all so much for all of the prayers and support and love you've given to me and my family.

Grandma is not resolved, but she is responding to treatment and has improved. Grandpa has two active cancers and the treatments are fighting each other. He is home and stable, but the doctors may not be able to do much for him. We are grateful that we all were well and able to enjoy the recent holidays together.

I am still expected to finish treatments in February and hope that check-ups look good. Some parts of me seem to be getting stronger but other parts are getting tired of chemo therapy. I still do not know the best way to handle any of this and am that much more thankful for God's goodness. He is always stable when everything else is not.

Thank you all for encouraging and helping me keep focused in this journey. I am looking forward to restored health and being re-introduced to civilization as a functional person.
