A class for all ages!

Shepherds College, in Union Grove, Wisconsin, is a fully accredited, post-secondary, non-degree-granting college designed specifically for students with intellectual or developmental disabilities. Throughout the three years at Shepherds College, students will be equipped to reach appropriate independence through the development of vocational, social and life skills. A guiding principle at Shepherds College is that each individual has been designed by God on purpose and for a purpose. Students at Shepherds College have opportunity to discover the God who has designed them and investigate the specific purpose He has for their lives. Students are taught that learning and life must both be centered on Jesus Christ. This week's Sunday School missionary offering is our gift to Shepherds College.
