I just completed my first three months as Jackson Creek's Next Gen Director!

As Next Gen Director, I oversee all aspects of Next Gen Ministry, which includes nursery, children's ministry, youth group and young adults. My heart is to disciple the next generation and equip them to grow in their faith and impact the world around them.

Pre-Primary (Pre-K and Kindergarten)

Children are learning that God sent Jesus to deliver the world from sin. They will understand why Jesus had to die on the cross and how He rose again from the grave. They will also learn about God's deliverance of Israel from slavery in Egypt. They will rejoice in God's provision of deliverance from sin and marvel at His power to deliver His people.

Primary Students (1st – 3rd Grade)

Students are learning that Israel's rejection of Jesus led to His death on the cross. They will understand that God offers them forgiveness of sins based on Jesus' death. They will also learn that Israel rejected God's gracious offering of the Promised Land. The students will be challenged to trust their gracious, forgiving God.

Intermediate Students (4th and 5th Grade)

Students are continuing the Bible timeline, covering Israel's rejection of the Promised Land and their eventual conquest of it under Joshua's leadership. Students will join the Children of Israel in learning that God is gracious and worthy of trust and will be challenged to trust their gracious God.

Praise Report

Since January, we've witnessed 10 students give their lives to Christ and celebrated 9 student baptisms, with more on the way!

Praise God for the incredible work He is doing in our students' lives!
