

Lord of Life [Lyrics]

[Default Arrangement] by Eric McAllister

V1, C, V2, C, V3, C, B, C

Verse 1

Countless generations told
Of Your deeds of old
Of Your power to save Your people
We have seen and we have heard
In Your faithful Word
One who rose to triumph over evil

Chorus

Christ the Risen One
Ever-living Son of God Most High
Risen from the grave, powerful to save
Praise the Lord of Life!

Verse 2

See the Guiltless, crucified
Blood drawn from His side
See His brow by thorns encircled
Yet as dawn, from darkest night,
Bathes the world in light
Christ, the Son, arose and shines eternal

Verse 3

Earthly rule and wars will cease
When the Prince of Peace
Comes to claim the crown of history
Death, with all its mournful pain
Vanquished on that day
We, the church, will join His final victory

Bridge

Hallelujah, we will sing
Praise to Jesus Christ, our King
Glory, honor we ascribe
Crown Him, crown Him, Lord of Life
